

# Baldwin County Preschool Inclusion Program

- The preschool inclusion classroom will consist of preschool children with special needs and non-disabled preschool students.
- Class size is limited so that each child can benefit from a small group and more individualized instruction.
- Children enrolled have the opportunity to attend a high-quality preschool program at a discounted rate as well as benefit from learning how to celebrate and appreciate the diversity of others. Weekly rate is \$40.
- A Screening Team designated by the principal and Central Office will review the applications for suitability and acceptance into the program for non-disabled students.
- Non-disabled students must be at least 4 years of age to enter the program. Students will attend the program during the regular school hours.
- Each pre-kindergarten unit is staffed with a certified teacher and an instructional paraprofessional trained in early childhood education and child development.
- Parents of typical students are responsible for transportation and timely drop off and pick up of their child.
- The Baldwin County Public Schools Student Handbook and Code of Conduct and all local school policies and procedures shall apply to all students enrolled in the Inclusion Preschool Program.
- Applications are available in the front office at school screening locations. Applications may also be completed on the day of screening.
