

# **Go Gold with Rockwell's Student Council!**

**Rockwell's Student Council is going gold in September to battle against childhood cancer. We are partnering with The Tenley Tough Foundation, an organization started by Mrs. Jordan Norman, one of Rockwell's 4<sup>th</sup> grade teachers. This foundation was started in honor of her daughter, Tenley, who was diagnosed with cancer at the age of 9 months. Tenley fought and won her battle, and now her foundation fights to support other local children who are fighting for their lives.**

**The Team Tenley 5K and Fun Run will be held on October 5, 2019 at Honey Bee Park in Robertsdale, Alabama. Proceeds from this event will be donated to the family of Cullen McKinney, age 3, who is fighting leukemia. Please join us in our fight against childhood cancer. Return the attached registration form by Wednesday, September 18<sup>th</sup>. If you are unable to run in the event, you may still participate by joining the support squad, or by sending in a donation to the "Tenley Tough Foundation."**
