## **PARENT QUESTIONNAIRE**

I appreciate you providing me with your observations about your student's experiences and achievements outside the school environment. I have found that parent comments are insightful and often reveal a side of the student that I do not know. Your thoughtful comments will be very valuable to me in writing school letters of recommendation.

### **IS YOUR STUDENT A FIRST-GENERATION COLLEGE STUDENT?**

(This means that neither parent earned a traditional 4-year college degree)

1. Describe outstanding characteristics, talents, and unique qualities about your student. College and scholarship selection committees want to know what makes your student special or different.
2. Describe out-of-school interests, activities and hobbies that may not be known to school personnel. How does our student spend free time at home?
3. Is there anything else that you wish to add that would help me write the letter of recommendation about your child? Are there any special circumstances, personal hardships, medical conditions, etc. that your child has overcome? Are there other personal achievements or hardships that you wish to share? If so, do I have your permission to discuss this in the recommendation letter as a way to help explain your child's academic performance?
4. List three (3) adjectives that best describe your student and provide examples.

You may return your responses to Ms. Brewton in the Guidance Office or email to [dbrewton@bcbe.org](mailto:dbrewton@bcbe.org).

If your student is an IB diploma candidate, please email your responses to Mrs. Adams at [cadams@bcbe.org](mailto:cadams@bcbe.org).
