Dear Parent:

We have the opportunity to offer to your child an excellent three-part seminar entitled *You Are Unique*.

This program, which was developed by Sex and Family Education, deals with self-esteem, goal setting, and good decision making, particularly regarding sex. It educates young people about the physical and emotional consequences of premarital sex and gives practical ways to say *no*.

This is character education—not sex education!!!

You Are Unique, which is endorsed by educators and positively received by pre-teens and teenagers, is taught state-wide and is in demand nationally. It complies with the Alabama Abstinence Law, which requires schools to teach abstinence.

Copies of the material are in the counselor's office for you to review, or you may call the school counselor if you have any questions.

We endorse this program and feel it will be of great benefit to your child in helping him/her to avoid high risk behaviors and to prepare for a bright future.

I give permission for my child to participate in the *You Are Unique* Program.

I **do not** give permission for my child to participate in the *You Are Unique* Program.

If we do not receive this form back, we will presume that you do give permission.
