Daphne East  
Elementary is a  
"No Bully Zone"

The mission of Daphne East Elementary School's counseling program is to provide a motivating, safe, and trusting environment which empowers every student to become successful socially, academically, and emotionally. Through the implementation of our school counseling program's direct and indirect services, the school counselors ensure equity, access, and success for all students. Every student is prepared to be civic-minded, collaborative, culturally aware and college and career ready to reach their full academic and personal potential. Our counseling program is data-driven by student needs and provides outcome-based accountability measures that align the school counseling program with the school's overall academic mission.

*We are here to help.*

**Students, we are here to help you with:**

- Working out friendship problems
- Setting goals
- Working well with others
- Learning how to make decisions
- Managing your feelings (stress, worry, anger)
- Dealing with peer pressure and bullying

**Parents, we are available to assist you with:**

- Exploring ways to help your child succeed
- Improving parent/child communications
- Referrals for community sources
- Understanding the developmental changes of childhood
- Supply reference materials

Please note that school counselors do not provide “therapy” or “traditional counseling”. Referrals for outside counseling services are available for those children who are experiencing problems needing therapy.

Elementary counseling attempts to help all children get the most of school. Your support and cooperation can help make your child’s school experience a rewarding one. It is our hope that parents and students feel free to use our services. We look forward to working with you.
