

## **Safety Precautions During The COVID-19 Pandemic**

- No one that is not an employee of Baldwin County Schools is allowed on the premises until further notice.
- Only necessary personnel are permitted, after permission from the principal is granted, and all sanitizing guidelines must be followed.
- Custodians are cleaning and sanitizing daily.
- No outside items or materials may be brought into buildings. When necessary items arrive, they are sanitized and left untouched for 72 hours before brought inside.

Baldwin County Schools has its students' well-being at the top of their list and will do everything possible to keep our campuses clean and healthy.

Please help us in this effort.
