Date 1/26/22

Dear Parents:

During the National Children Dental Health Month, the Baldwin County Schools in partnership with the Baldwin County Dental Study Club will conduct a free dental screening for all children in the 1<sup>st</sup> and 3<sup>rd</sup> grades. The inspection is performed by a volunteer dentist in your child's classroom using a tongue blade and flashlight or natural light or mouth mirror. No dental instruments are used. A report of the inspection will be sent to the parent.

In the interest of better dental health, we encourage you to give permission for your child to participate in this part of the School Health Program.

Please sign the permission slip below and return to your child's teacher.

Sincerely,

Jeta Neussme<sup>RN</sup>, School Nurse

Donna Shele Bruster Principal
