

Good afternoon Parents/Guardians!

We have worked very hard and have been able to secure most school supplies for our students this upcoming school year. Thank you for being patient with us as we tried to ensure we would be able to spend these \$30,000+ funds to make this happen. Some items could not be purchased with these funds and are listed below. All other items will be provided for your child. There may be a few needs that arise throughout the school year, but your child's teacher will let you know about that as those come up.

The items that are still needed are listed below. *We do believe we will have hand sanitizer provided again for each classroom, which is why it is not listed on any of the supply lists. *
