

## Fairhope High School International Baccalaureate Terms for Academic Probation

Students in the IB Programme of study shall be placed on probation if one or more of the following should occur:

- Receiving a semester grade of “F” for a core subject (English, math, science, history), IB TOK, an IB second language (including all IB Prep language courses), or the IB 6<sup>th</sup> subject
- The GPA falls below a 2.0 or a “C” in all courses
- The student receives disciplinary action for cheating/plagiarism

The probationary term will last for one semester (two quarters). Student progress will be reviewed at the end of each quarter. If the student shows no progress or continues to show signs of academic decline at the end of the probationary period, he/she will remain on probation for the next semester or be removed from the IB program of study\*.

***\* The school administration reserves the right to exit any student from the IB program of study at any time if the student's academic status shows that he/she is in danger of not being promoted or meeting graduation requirements through the IB program of study.***

If a student exits from the IB program of study, he/she will need to meet the following requirements for graduation that are not required through the IB curriculum:

- Government (0.5 credit)
- Economics (0.5 credit)
- Career Preparedness (1.0 credit)

***It is highly recommended for students to take these courses if they are in danger of being removed from the IB program of study.***

Additionally, any student who exits the IB program of study who does not live within the Fairhope school zone will need to return to their home school. If a student is removed from the IB program of study prior to the end of the school year, we will try to accommodate the student with a schedule in the AP/Honors program until the end of the school year. However, there are no guarantees that this may occur and would depend on available class space for the courses needed. The student will still be exited from Fairhope High at the end of the school year to return to his/her home school.
