

From the Counselor

Hello to you all!

Hoping your families are doing well as we have (almost!) made it through the first semester of school. What a great year so far!

I have enjoyed getting to know your amazing children and truly believe Elsanor School is a very special place with a wonderful staff who truly love having your children as students.

You all are appreciated in every role you play as your child's "foundation" in their lives. They will always look to you for guidance.

I have included an article you might find helpful as we continue our school year journey.

As always, feel free to reach out to me if needed.

Lauri Ray, LMSW
