

Envision Math: 5th Grade
Year at a Glance Pacing 2021-2022

Quarter 1	Quarter 2
<p style="text-align: center;"><u>Topic 1</u>: Understand Place Value <i>Standards: 3, 3a, 4-4b, 5</i></p> <p style="text-align: center;"><u>Topic 2</u>: Use Models & Strategies to Add & Subtract Decimals <i>Standards: 5, 8-8b</i></p> <p style="text-align: center;"><u>Topic 3</u>: Fluently Multiply Multi-Digit Whole Numbers <i>Standards: 3, 3a, 6</i></p> <p style="text-align: center;"><u>Topic 4</u>: Use Models & Strategies to Multiply Decimals <i>Standards: 3b, 8-8b</i></p>	<p style="text-align: center;"><u>Topic 4</u>: Use Models & Strategies to Multiply Decimals (finish topic) <i>Standards: 3b, 8-8b</i></p> <p style="text-align: center;"><u>Topic 5</u>: Use Models & Strategies to Divide Whole Numbers <i>Standard: 7</i></p> <p style="text-align: center;"><u>Topic 6</u>: Use Models & Strategies to Divide Decimals <i>Standards: 3b, 8-8b</i></p> <p style="text-align: center;"><u>Topic 7</u>: Use Equivalent Fractions to Add & Subtract Fractions <i>Standards: 9, 10</i></p>
Quarter 3	Quarter 4
<p style="text-align: center;"><u>Topic 8</u>: Apply Understanding of Multiplication to Multiply Fractions *Teach <i>Alabama Lesson 1</i> after Topic 8, Lesson 1 *Teach <i>Alabama Lesson 2</i> after Topic 8, Lesson 4 <i>Standards: 12-12d, 13-13c, 14</i></p> <p style="text-align: center;"><u>Topic 9</u>: Apply Understanding of Division to Divide Fractions *Teach <i>Alabama Lesson 3</i> after Topic 9, Lesson 7 <i>Standards: 11-11b, 15-15c</i></p> <p style="text-align: center;"><u>Topic 10</u>: Represent & Interpret Data <i>Standards: 9, 10, 14, 16, 16a</i></p> <p style="text-align: center;"><u>Topic 11</u>: Understand Volume Concepts <i>Standards: 18, 18a, 19-19c</i></p>	<p style="text-align: center;"><u>Topic 12</u>: Convert Measurements <i>Standards: 3a, 3b, 6, 7, 17</i></p> <p style="text-align: center;"><u>Topic 13</u>: Write & Interpret Numerical Expressions *Teach <i>Alabama Lesson 4</i> after Topic 13, Lesson 2 <i>Standard: 1</i></p> <p style="text-align: center;"><u>Topic 14</u>: Graph Points on the Coordinate Plane <i>Standard: 20</i></p> <p style="text-align: center;"><u>Topic 15</u>: Algebra--Analyze Patterns & Relationships *Teach <i>Alabama Lesson 5</i> after Topic 15, Lesson 4 <i>Standards: 2-2c, 20</i></p> <p style="text-align: center;"><u>Topic 16</u>: Geometric Measurement--Classify Two-Dimensional Figures <i>Standards: 21, 22, 23</i></p>

*The "Alabama Lessons" listed above are lessons designed to address specific Alabama Content Standards not already taught through Envision. The lessons are located in the Student Companion Resources, which are available in the online teacher resources.
